**Location of Proposal, including street, if any:** Near Junction of Washougal River Road and Salmon Falls Road, North of Cape Horn, Washington, Skamania County; Northwest 1/4 of Section 33, Township 02 North, Range 05 East WM

**Lead Agency:** Washington Department of Fish and Wildlife

**The lead agency is providing updated information on this project which may be of interest to other agencies or the public. The updated information provided below does not substantially change the analysis of significant impacts in the existing environmental checklist.**

The original environmental checklist dated January 21, 1997, should be modified to reflect the following additions:

1. Use of a temporary coffer dam placed around the entrance of the fishway to affect concrete repairs and placement of two adjustable entrance gates.
2. The use of a temporary pit run ramp over a fishway wall to afford access for a crane to complete the work.
3. Work will be done during summer low flow period.

**Based on the original environmental checklist and the updated information provided in this addendum, the lead agency has determined that a new threshold determination is not warranted. There is no comment period associated with this SEPA environmental checklist addendum.**
